<i>Rorippa subumbellata</i> , Tahoe yellowcress	Rollins
<i>Spiranthes diluvialis</i> , Ute lady's tresses	Sheviak

2. The common names of species and subspecies of native flora listed in this section are provided for convenience and must not be relied upon for identification of any specimen due to the substantial variations in local usage of common names.

3. The State Forester Firewarden will rely to the extent practicable upon the *International Code of Botanical Nomenclature (Saint Louis Code)*, 2000 edition, which is hereby adopted by reference, to describe the species and subspecies of native plants critically endangered and threatened with extinction. The publication may be purchased from Koeltz Scientific Books, P.O. Box 1360, D-61453 Königstein, Germany, for the price of \$52. The publication is also available, free of charge, from the International Association for Plant Taxonomy at the Internet address <http://www.bgbm.fu-berlin.de/iapt/nomenclature/code/default.htm>.
