**THE NURSERY WILL BE OPEN FOR SALES BEGINNING THURSDAY,
MAY 12TH, 2016, AND WILL CLOSE FOR THE WINTER SEASON ON
SATURDAY, OCT 15TH, 2016.**

The purpose of this program is to provide technical assistance and native or adapted plant materials to encourage private landowners and public land management agencies to make conservation plantings for windbreaks, shelter belts, woodlots, erosion control, or food and cover for wildlife. Tree seedlings offered by the Division of Forestry are graded and grown to sizes suitable for conservation plantings on private and public lands. Plants purchased at the Washoe Nursery must be used for conservation purposes as provided for by NRS 528.105. The land on which the plants are to be planted must consist of a parcel containing 1 acre or more, or 2 or more contiguous parcels owned by different owners if those parcels total 1 acre or more. The land must be entirely outside the city limits of any incorporated city of this state, except that in Carson City the land must be outside the designated urban area of the city.

NURSERY HOURS

9:30am – 3:00pm Thursday through Saturday.

PRICING POLICY

Nursery prices are set by size of containers. Not all species are available in different sizes. Check the current order form for availability.

SUPERCELLS (03) -	\$2.50	1-GALLON POT (05) -	\$6.00
D-POT CONTAINER (01) -	\$4.50	2-GALLON POT (06) -	\$11.00
