

It is that time of the year again to announce the **Elko Fall 2018 Plant Sale**. This fundraising event is for the Northeastern Nevada Stewardship Group, in partnership with Nevada Division of Forestry. By your purchase of locally adapted, affordable trees, shrubs and forbs, you are helping support conservation projects and environmental education initiatives of the stewardship group.

These plants are sold to landowners **outside of incorporated** city limits (for example, Spring Creek, Osino, Ryndon, Tuscarora, Owyhee and Lamoille are all eligible) who intend to conserve and enhance Nevada's natural resources on their land through conservation plantings, such as:

- Windbreaks
- Shelterbelts
- Woodlots
- Erosion control
- Wildlife habitat
- Christmas tree farms
- Streambank stabilization
- Greenstripping
- Mine reclamation
- Reforestation

We are providing an **order form that must be completed and returned to the Nevada Division of Forestry** (see NDF address below) with a check or money order made **payable to Northeastern Nevada Stewardship Group** for the full amount of the order. Order forms must be **returned no later than Friday, September 28th at 5:00 pm** to insure that your order can be processed by the Washoe State Nursery. Late or improperly sent payments may be rejected.
